Salon Clip-in  
Ponytail Wrap**

Want a quick fix for longer, fuller looking hair without the need for a wig that can be worn up? Hair Affair introduces the PonyUp wrap-around instant ponytail: a 100% Human hair piece that has been created to be a natural full looking ponytail. The PonyUp is a part of the new Hair Affair collection of hair extensions. This 18" natural wrap-around pony adds instant length, fullness and an instant style to your hair in seconds. The PonyUp can be heat styled, curled, and treated as it was your natural hair. Flexible styling choices allow you to have the fun and flirty ponytail you've been looking for!

**BEFORE**

**Caring for your Pony**

To wash your pony, gently comb to remove tangles. A spray-on professional conditioner can be used prior to washing. Use a professional conditioning shampoo and warm water to gently work from the base to the ends. Do not scrub. Hold the pony at the top and rinse well. Follow with conditioner and then rinse. Lay pony flat on a towel and gently roll to squeeze out excess moisture. Allow to air dry or use a hair dryer on a low setting. All thermal tools should be used on the lowest setting to avoid scorching the hair. Steam rollers are the safest way to curl your pony. It is recommended that only professional stylists cut or apply colour to your pony. Do not bleach.

**THE "PONY UP" OFFERS MULTIPLE STYLING OPTIONS.**

Wear it high on the head or low and sultry sweeping to the side. Wear it straight, curled or put it in a playful braid! All in one styling – clip it in, wrap it around and you're ready to go.

**1.** Pull hair back into a bun or a small pony secured with an elastic.

**2.** Slide the clip in behind the elastic at the top to anchor the pony.

**3.** Wrap the pony and secure with the Velcro closure. This now leaves the hair wrap ready to blend and create a perfect natural finish.

**4.** Wrap the hair section around the pony just enough to cover the Velcro attachment. Using loop tool, thread the hair section through the loop and feed end down the centre of the ponytail.

**5.** Pull through so that the hair section blends into the centre of the ponytail for a secure hold.

**Your pony is ready to go!**  
Feel free to style it to fit any occasion.
